

LeadCENTER is built for you!

Acquire new and real-time leads and manage current clients

Quality, real-time leads with Integrity's **LeadCENTER**.

LeadCENTER streamlines and enhances lead management: better, fast and cost-effective acquisition and efficient management — all in one place. Now, with real-time leads, you can help more Americans find the right insurance products for their lives.

LeadCENTER's growing set of features is game-changing. Set up lead campaigns and enable real-time lead acquisition through data or call leads. With the flip of a switch, toggle your status to "online" to begin receiving your leads!

Or use the lead mapping feature to find and purchase leads anywhere in the country, county by county. Choose from Internet, Direct Mail and Social Media leads, then purchase leads with just a few clicks and you'll be ready to contact your new clients.

What else does LeadCENTER offer?

Access to TCPA compliant and exclusive leads

New lead notifications — based on your saved search history

Competitive lead pricing — manage your budget

Management of pre-existing leads — all of your leads in one place

Immediate access to leads from anywhere in the United States — no waiting

Leads with complete contact details including scanned Direct Mail images

LeadCENTER: powerful and easy-to-use. Built so you can focus on what matters: serving your clients.
